

CONFLICT MANAGEMENT AND RESOLUTION

IN THIS COURSE, YOU WILL:

- Learn to manage conflict in a way that expands people's awareness and understanding of how to achieve their goals without undermining others
- Help team members develop stronger mutual respect and renewed faith in their ability to work together
- Help individuals examine their goals in detail so they understand the things that are most important to them

Elevate's Conflict Management and Resolution training will teach participants how to effectively communicate and how to satisfactorily resolve disputes. Communication and conflict resolution skills must be learned. Most often, poor communication and conflict resolution styles must be corrected and replaced with approaches that are more conducive to creating peace in the workplace and at home.
