John Maxwell sums up his definition of leadership as “leadership is influence - nothing more, nothing less.” Some people are leaders because they are tasked to be leaders. But, you don’t have to be in a position of leadership to be a leader. Leadership is a learned technique. In this program you will learn your purpose and your personal power. You will learn to motivate, persuade, inspire, and influence others to realize their potential. Make a difference no matter what the position you are in by putting the leadership skills of the great leaders into practice.
