

CRITICAL TIME INTERVENTION (CTI)

Gain the tools to develop and implement a Critical Time Intervention plan

In Elevate's **Critical Time Intervention** (CTI) training, participants will learn the fundamentals of Critical Time Intervention. They will learn skills to help them collaborate and communicate with individuals to create a solid plan for critical transitions. Learners will walk away with a better understanding of how to develop and implement a Critical Time Intervention plan. This course is eligible for 3 CEU credit hours.

Class Format
On-site/virtual
