

HIPAA

Understand the components of HIPAA

In Elevate's **HIPAA** training, participants will learn general information about HIPAA. Using several scenarios for discussion participants will learn general information about what HIPAA really is and how to be compliant with the rules. Learners will walk away with a fundamental understanding of what they can and cannot do or say when dealing with situations that involve HIPAA compliance. This course is eligible for 3 CEU credit hours.

Class Format
On-site/virtual
