

SUICIDE RISK ASSESSMENT AND PREVENTION

Understanding the key components of
suicide risk assessment

Participants of Elevate's **Suicide Risk Assessment and Prevention** training will gain the skills necessary to assess risk and have the confidence to use the information to provide a safe environment for at risk persons. This course is eligible for 3 CEU credit hours. *Disclaimer: Information during this presentation is for awareness and educational purposes only – it is not a substitute for informed medical advice or training. You should not use this information to diagnose or treat a mental health problem without consulting a qualified professional/provider.*
